

## Size Chart Safety Footwear

### uvex multiple fit system

As part of the safety footwear multiple fit system, a footwear style is offered in the same size but in a range of different fits. The different fits are based on the measurement of the widest part of the foot. A measurement can be taken of either the circumference of the foot at the base joint of the big toe and the base joint of the little toe or alternatively the width of the foot at this point (see opposite).

The classification of sizes and the corresponding values are detailed in the table below (all measurements in mm):

| uvex shoe size | Foot length | Width 10 | Width 11 (standard) | Width 12 | Width 14 | UK   | US   | US    |
|----------------|-------------|----------|---------------------|----------|----------|------|------|-------|
|                |             | Circum.  | Circum.             | Circum.  | Circum.  | Size | Men  | Women |
| 35             | 217         | 216.5    | 222.5               | 228.5    | 240.5    | 3    | 4    | 5     |
| 36             | 225         | 221      | 227                 | 233      | 245      | 3.5  | 4.5  | 5.5   |
| 37             | 232         | 225.5    | 231.5               | 237.5    | 249.5    | 4    | 5    | 6     |
| 38             | 240         | 230      | 236                 | 242      | 254      | 5    | 6    | 7     |
| 39             | 247         | 234.5    | 240.5               | 246.5    | 258.5    | 6    | 7    | 8     |
| 40             | 255         | 239      | 245                 | 251      | 263      | 6.5  | 7.5  | 8.5   |
| 41             | 262         | 243.5    | 249.5               | 255.5    | 267.5    | 7    | 8    | 9     |
| 42             | 270         | 248      | 254                 | 260      | 272      | 8    | 9    | 10    |
| 43             | 277         | 252.5    | 258.5               | 264.5    | 276.5    | 9    | 10   | 11    |
| 44             | 285         | 257      | 263                 | 269      | 281      | 10   | 11   | 12    |
| 45             | 292         | 261.5    | 267.5               | 273.5    | 285.5    | 10.5 | 11.5 | 12.5  |
| 46             | 300         | 266      | 272                 | 278      | 290      | 11   | 12   | 13    |
| 47             | 307         | 270.5    | 276.5               | 282.5    | 294.5    | 12   | 13   | 14    |
| 48             | 315         | 275      | 281                 | 287      | 299      | 13   | 14   | 15    |
| 49             | 322         | 279.5    | 285.5               | 291.5    | 303.5    | 14   | 15   | 16    |
| 50             | 330         | 284      | 290                 | 296      | 308      | 14.5 | 15.5 | 16.5  |
| 51             | 337         | 288.5    | 294.5               | 300.5    | 312.5    | 15   | 16   | 17    |
| 52             | 345         | 293      | 299                 | 305      | 317      | 16   | 17   | 18    |

All measurements in mm.

Anatomical circumference of the foot

Base joint of the big toe

Base joint of the little toe

The required width can be determined from the table according to the wearer's foot length. The following table shows the corresponding uvex article number for the different widths:

► For any questions or queries, please contact uvex customer service at [safety@uvex.de](mailto:safety@uvex.de).

| uvex article number | Width         | Certification                    | Size range         |
|---------------------|---------------|----------------------------------|--------------------|
| XXXX1               | 10            | EN ISO 20345: 2011<br>S1 P or S3 | depending on model |
| XXXX2               | 11 (standard) |                                  |                    |
| XXXX3               | 12            |                                  |                    |
| XXXX4               | 14            |                                  |                    |
| XXXX7               | 10            | EN ISO 20345: 2011<br>S1 or S2   | depending on model |
| XXXX8               | 11 (standard) |                                  |                    |
| XXXX9               | 12            |                                  |                    |
| XXXX0               | 14            |                                  |                    |

### uvex size advisor app

When choosing safety shoes, it is especially important to choose the right size in order to benefit fully from their protective function. In addition, only a perfect fit ensures lasting wearer comfort. However, size specifications may vary depending on the manufacturer. With the uvex size advisor app you can determine the right uvex shoe size and width to ensure the perfect fit and most comfortable shoe for your working day.
